STOW LARGE ITEMS IN CLAMSHELL POCKET

STOW POCKETS FOR BULK CARRY MODE

STOWABLE SHOULDER STRAPS / LAPTOP POCKET

PRODUCT DESCRIPTION:

Maximum organization in a minimalist design, the SEG42 is the first fully integrated solution for one-bag travel. This pack combines the best assets of a backpack, duffel bag, and packing cubes into a groundbreaking new architecture designed for organization. Access the full volume of the bag through the segmented zipper pockets - organizing items by type, day, or activity. Separate large items or dirty clothes by stowing them in the oversized clamshell pocket. An external-access padded laptop sleeve and stowable backpack straps make air travel easy.
