

Matador®

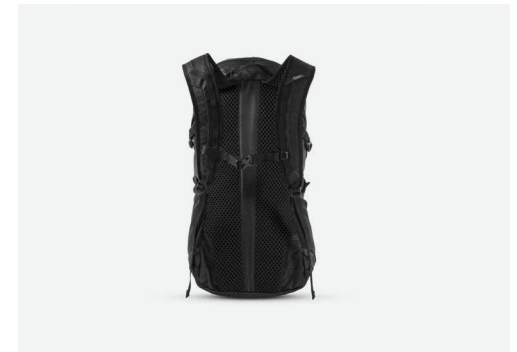

BEAST28 ULTRALIGHT TECHNICAL BACKPACK

BEAST SERIES

ADJUSTABLE STERNUM STRAP

REMOVABLE HIP BELT

TWISTABLE INTERNAL FRAME

STORAGE SACK

PRODUCT DESCRIPTION:

The Beast28 is an ultralight frame pack engineered for technical outdoor pursuits. A flexible frame suspension system provides support and torsion with movement, while the removable hip belt and sternum strap keep the backpack close to your body. This alpine pack is built from Robic® fabric and reinforced with a UTS coating for weatherproofing and durability. External gear loops accommodate the tools you need for your objective, a daisy chain and hip belt pockets provide additional external storage. The hydration-compatible design features an internal sleeve for a reservoir, and two oversized water bottle pockets. For compact transport, the Beast28 compresses into the included travel stuff sack. *Patent(s) pending*

CHARCOAL SKU: MATBE28001BK

PACKAGING:
Hangtags
