

BioLite Portable Grill

Wood-fired flavor

Easy to refuel

Ultimate Portability

Lid acts as cover & plate

The BioLite Portable Grill is a seamless and fun way to cook your favorite foods on the BioLite wood-burning CampStove. The unique design transforms the CampStove into a grilling surface without the need for charcoal or propane. With a combined weight of under 4 lbs, this system creates one of the lightest tabletop grills on the market.
